

# M Series Air Compressors

*Simplex & Duplex - Tank Mounted - Horizontal & Vertical - Electric*

*The ultimate in air compressors, the M Series comes complete with all available options to meet the most demanding industrial-air needs. Available with either horizontal or vertical tank options and multiple motor configurations.*

ACS-20305-80VM

*Versatile*

## Standard Features

- 5 to 30 horsepower compressor
- Low RPM industrial electric motor
- ASME safety valve
- ASME air receiver
- Pressure gauge
- Intake filter/silencer
- Tank shut-off valve
- Tank drain valve
- Totally enclosed heavy-duty belt guard
- Oil-level sight indicator
- 3 position switch - compressor 1 (lead motor pump), automatic alternating, and compressor 2 (lead motor pump) (Duplex models only)

**2** YEAR LIMITED  
ELECTRIC MOTOR WARRANTY

**5** YEAR LIMITED  
PUMP WARRANTY

# Added M Series Standard Features

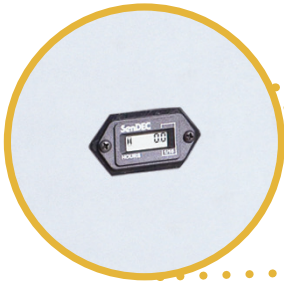

These standard features are what sets the M Series simplex and duplex air compressors apart from our standard line-up.

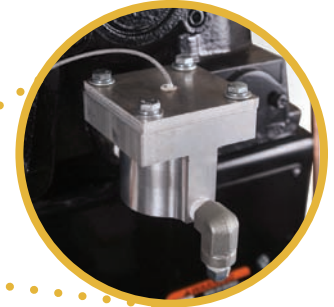

*NEMA-4 starter box with magnetic motor starter for thermal overload protection*

*Air-cooled after cooler removes up to 65% of moisture and drops temperature within 10 degrees of ambient*

*Hour meter displays the number of hours compressor has been in operation*

*Low oil monitor does not allow unit to start when oil levels fall below an adequate level*

*Tank drain automatically drains liquid from air receiver*

*Dual control on simplex models allows the electric compressor to be operated in start/stop mode or continuous run*

*Vibration isolator pads protect the tank from stress*
